Faculty members show that there are no boundaries to their abilities to enjoy the activities they pursue, whether riding the Tower of Terror at Disney World on the Senior Class trip, getting together for an end - of - the - year gathering, or entertaining students at a Renaissance breakfast.

There are no boundaries to the new and wonderful experiences we will encounter on our year long journey through education. Grade level assemblies, sports completitions and technology classes will all serve to expand our horizons.

Junior Prom

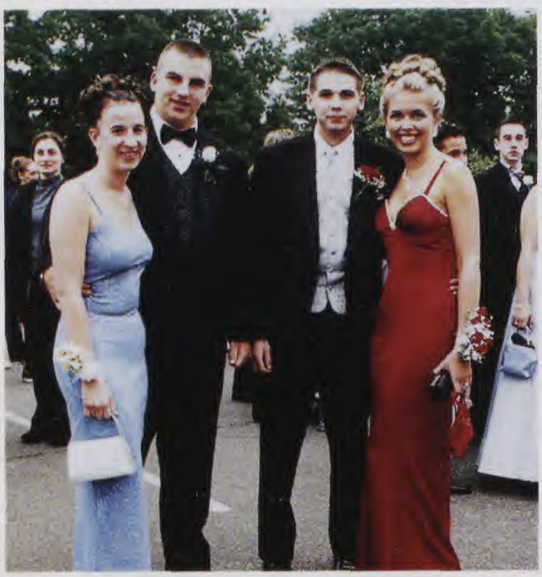

... a new tradition continues

MAY 18, 2001

It was their turn to shine. The Juniors were only the second class ever to take their Prom out of the school cafeteria. They had chosen the beautiful Garden Manor in Aberdeen. It was just a short ride away to a night they would never forget. They were about to start another new tradition. They were choosing a Prom Prince and Princess for the first time ever. The honors went to Dan Gulick and Dominique Bencivenga. The evening ended all too soon but they will have the memories for *EVER AFTER.*

"EVER AFTER' became a true fantasy for the Class of 2002

The First Pep Rally

OCTOBER 19, 2001

This one begins a new millennium. The first Pep Rally of the new century. We were caught up in the excitement and the competition. We were, as we had been so many times before, students and teachers supporting our sports teams, cheering on our class representatives in the tug-of-war and getting ourselves psyched for the football game that would be the center piece of Homecoming that evening. The Tug-a-War was won by the Juniors, who first eliminated the Seniors and then toppled the Freshman to become the days Tug-a-War champions. The class cheer competition was won by the Seniors, after all this was their last Pep Rally, and they surely had something to cheer about.

Homecoming

OCTOBER 19, 2001

It was a cold autumn evening and anticipation ran high. "The Spirit of America "was reflected in the class floats as we prepared to celebrate Homecoming 2001. The Candidates for Homcoming Queen shivered in the chill. Holly Cooper was crowned Queen and the Class of 2002 won First Place in this their final float competition. The Football team lost to Bishop Ahr 6 - 2 but nothing could dampen the spirits of those who turned out to enjoy this special night.

All that we do

We wear our colors proudly each year at the annual pep rally. This year there seemed to be more spirit than ever, perhaps because we felt more united as a nation, we were more united as a student body. Our unity gives us strength and that strength will remain with us throughout the year. It will see us through whatever comes our way, as we do what we do to the best of our ability.

... no boundaries

... no fear

... no forgetting

... no surrender of our freedom

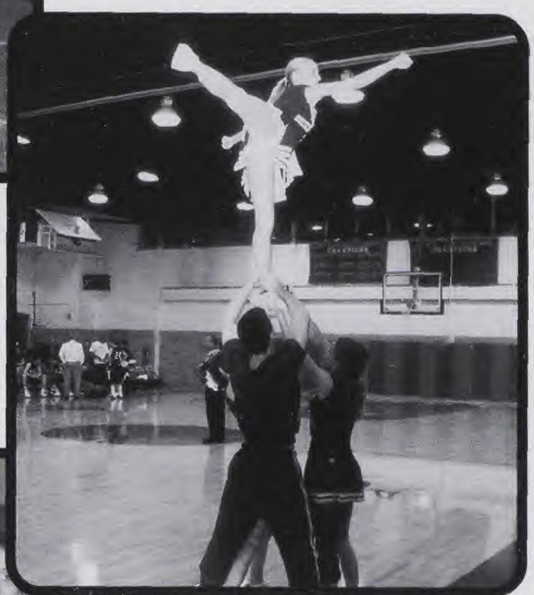

They tried to break us but they failed. We will rise from the rubble stronger and prouder than ever before! For we are America; we are freedom; we know no fear; we know no boundaries.

Boundless Friendship - teachers, Miss Amy Kochel, Miss Debbie Golder, Ms. Tricia Jayson, and Mrs. Lucy Bloom, share a social moment during the holiday season.

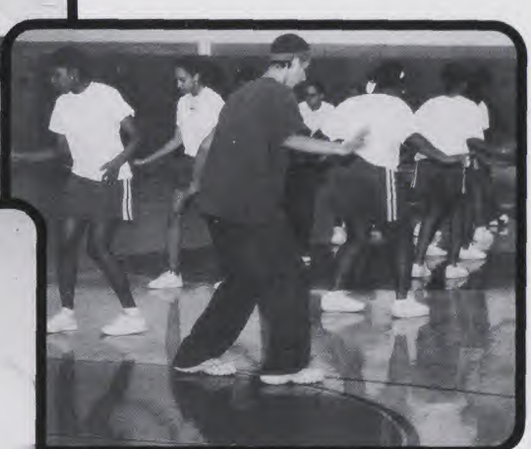

Boundless Energy - members of the football team give it their all during every game.

Boundless Heights - cheerleaders show us that you can reach any height if you are determined enough.

Boundless Talents - student artists display their winning school flag designs.

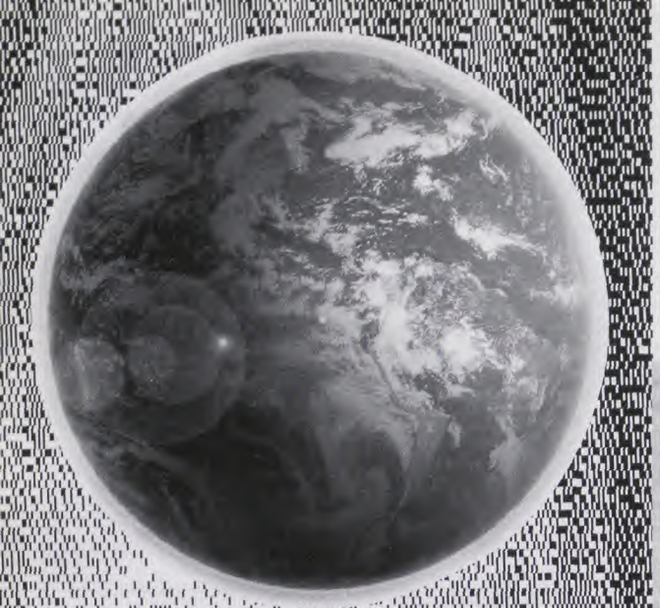

Boundless Variety - the Step Squad shows the diversity of extra curricular activities available to the student body.

Boundless Enthusiasum - basketball fans display their support for their team without reserve.

From our earliest memory, we have always been told that there are rules we can not break, lines we can not cross, and boundaries we can not push. So we go along, in our own way, trying to test the system. We push the limits, ever so gently, until we know exactly what we can and can not do; until we know what the system will really bear; until we know what the limits really are. Or so we thought! We have learned a hard and cruel lesson this year. It is a lesson that will change our lives forever. We found out that there are people out there who think that they are above the rules; people who in their twisted sense of justice think that their cause is above all others; people who think that violence is the answer. And we stand in disbelief of their arrogance and their evil because we are the innocents. We would never cross the boundaries between good and evil. Their indifference towards life leaves us cold. If we take anything from the events of "9 - 11" let it be the good. Let it be the heroes and the patriotism that inspire us. Let it be the boundless sense of pride that we feel for our country. Let there be no boundaries to our indignation and let that sense of outrage drive us. Let us not accept boundaries that would be placed on us by those who are blinded by hatred. We live in a nation of boundless resources; let us use them. We can avail ourselves of boundless knowledge; let us absorb it. Our forefathers died to give us boundless freedom; let us embrace it. Let us stand strong in the belief that our future has no boundaries, only the ones we choose to impose upon ourselves.

#1 Basketball Fan

KEVIN BLOOM - QUIET & CRAZY

Kevin Bloom came out of nowhere this year and set a precedence for "fanmania" like no one before him had ever done. Known to be a somewhat reserved person, it seems all he needed was a little encouragement from his friends to show himself for the "wild and crazy guy" he became at basketball games in the 2002 season. Usually in the third or fourth quarter of the game, Kevin would leave his classmates from the "Psycho Squad", descend the bleachers and, swinging his shirt overhead, lead the fans in a B-O-M-B-E-R-S cheer which culminated with him ripping off his tee shirt to the screams of the cheerleaders, the shouts of the crowd, and the utter surprise of his mother! What a wonderful way to close his high school days, with the fun and camaraderie of participation in the support of the team in a winning sports season. Kevin has always been a sports fan, even though his participation only started in upper middle school when he began playing baseball with his friends. He played roller hockey in middle school and has been participating in local leagues for the past four years. He also has been volunteering as a hockey coach assistant in the middle school for the past two years. He is an avid Devils and Yankees fan and attends many games with his Dad and his friends. Kevin has always had an interest in meteorology but is unsure if he will pursue it as a career. He is leaning toward a career in History, his favorite subject, perhaps in the field of education (Mom would be thrilled)! He has been accepted to both Kean and Montclair Universities. He is still undecided as to where he will attend college.

JENNIFER NEWSOME - NOBODY DOES IT BETTER!

Jenn has been involved in every aspect of student life since she first set foot in this building four years ago as a not-so-timid Freshman. She has been a member of Student Council for four years, serving as a Sophomore and a Senior Executive member, as well as Secretary. She has chaired many committees and was founder of the first annual King of Hearts selection. Away from Student Council Jenn can be found Cheering for the Bombers' teams and dazzling the crowds with her flying prowess. She has been on the squad for three years and has served as Captain for both Football and Basketball squads. She has been selected an All-American Cheerleader for three years, which has resulted in trips to Paris, Honolulu, and Orlando to perform. She was selected to cheer in the Snapple Bowl and to attend leadership training camp. Other activities she has been involved with are Prom and Float Committees and Spanish Honor Society. Jenn was selected to Who's Who Among American High School Students. She was voted "Most Active" by her peers in the Class of 2002. In her spare time she has coached the Morgan-Parlin Panther Cheerleaders to two first place trophies.

She plans to attend a four year college and major in Spanish, possibly with an eye toward education. Although all of her teachers have had an impact on her life and have taught her many valuable lessons, she would especially like to thank Ms. Kwiatkowski, Ms. Vozza, Miss Baber, Mrs. Bloom, and Senorita Kwiatkowski for all the help and support that they have given her over the past four years.

JAMIE JARUSIEWICZ

Jamie has been a lifelong resident of Sayreville. After nine years of attending Catholic grammar school, she began her high school career at Sayreville War Memorial High School. She has been active in many extracurricular activities here. These have included National Honor Society, Mu Alpha Theta, Math Club, and French Club, where she has held positions as an officer for the past two tears. She is also a member of the Varsity Field Hockey team and a co-captain of the Swim team. Jamie is a regular on the Principal's Honor Roll and is a Renaissance Scholar. She was also named an Edward J. Bloustein Distinguished Scholar and was a recipient of the Bausch & Lomb Honorary Science Award. Since she has always been interested in science, two of her favorite classes were AP Biology and Physics. However, AP History and AP Math have also held many memorable experiences.

When she is not in school, Jamie works in a civil engineering office. She also coached Pop Warner cheerleading for two years. In what little free time she has left, this *Simpsons* and *Spongebob* fanatic likes to relax and let her crazy side show while spending time with her friends. In the future, Jamie will attend a four year college, where she plans to major in biochemistry. She would like to thank her family, friends, teachers, and coaches for all of their support She is looking forward to many new and exciting experiences.

Salutatorian

DANIEL FIORENTINO

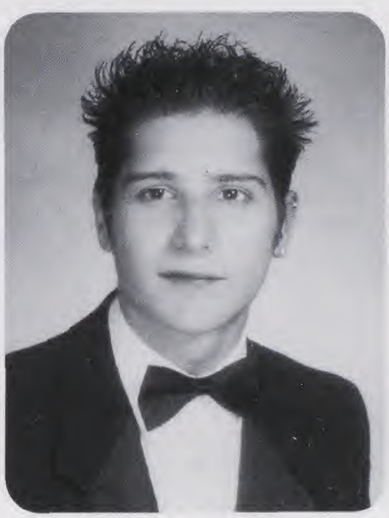

Dan was born in Livingston, New Jersey. He lived in Parsippany until he was almost three years old. His family then moved to Sayreville where they have lived ever since the arrival of his only sister. While growing up, soccer has always played a major role in his life. Dan has been a soccer player for ten years with his dad coaching, most of the time. Although he has tried other sports, such as track, soccer was always prominent. He has recently decided to break away from this sport and pursue other interests such as academics.

Not a person who likes to be in the limelight, Dan appears quiet in school and is never loud. He tends to think more instead of speaking. However, his close friends know him to be different. When around these people Dan is himself, often talking too much. While with his friends, he enjoys going to the mall, the movies, playing pool, going to the park, driving around, and just hanging out.

While in high school, Dan has participated in numerous activities. With one of his major interests being Math, he was in both Math Club and Mu Alpha Theta. His favorites, of the other activities he was involved in, were the Spanish Honor Society and FBLA. His school curriculum included various AP courses including History, Biology, English, Spanish, and Math. His academic achievements have earned him the Edward J. Bloustein Distinguished Scholar award and The College of New Jersey Merit Scholarship. Dan does not consider himself to be the "typical salutatorian",which was apparent when he stated; " I don't know how I got here, but it's pretty cool."

TOP TEN SENIORS of 2002

#3 Boleslaw Czachor

Boleslaw is a fine product of the Sayreville educational system. Hard working and goal oriented, he has taken almost every AP class that Sayreville has to offer. He is active in sports including Winter Track and Boys' Tennis, as well as in extra curricular activities ranging from Math Honor Society to Odyssey of the Mind. He plans to continue his education in college and one day earn his M.D. As his high school career draws to a close, he would like to thank the entire faculty and student body for making him the individual he is today.

#4 Dia Beshara

Dia is an individual who has broken away from the norm. Aside from being one of the first students to take night courses as a freshman, Dia has represented the student interests in a campaign to establish a youth center in Sayreville. When asked what he liked most about high school, he responded, "the prospect of graduation!" In his free time Dia enjoys building model airplanes, reading, and doing other dorky stuff.

#5 Meghan Conlon

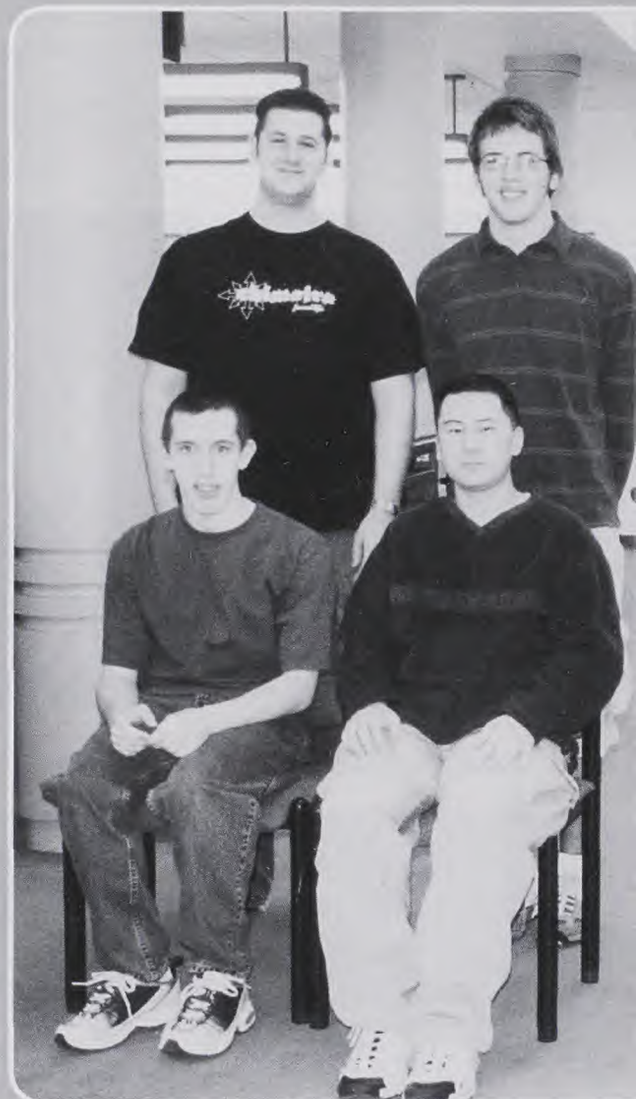

Megan is a dedicated student, as well as a modest and compassionate young lady. She has demonstrated her interests in choir, Sayreville singers and Math Club. Her proudest moment was being appointed co-recording secretary of NHS. Outside of the classroom, she enjoys reading, shopping, and listening to Billy Joel. She thanks her parents for their patience and love. She wishes all of her friends success in their endeavors. She will greatly miss Mrs. Mischne's advice and Srta. Kwiatkowski's inspiration. She plans to major in Spanish and Math in college.

#6 Patrick Chan

Patrick is a hard working individual, who approaches life realistically. He has enjoyed his high school experience and has no regrets. Pat is active in the Sound Crew and Math Club, but is most proud of becoming Treasurer of the National Honor Society. In his spare time, he enjoys playing guitar, watching movies, and utilizing his olfactory skills. He is grateful for all the inspiration that his family, friends, and teachers have given him. In the future, he hopes to succeed in a business or computer related career.

The Top Ten students of the Class of 2002 are: Standing: Kyle Deutsch, Boleslaw Czachor, Daniel Ng, Dia Beshara, Daniel Fiorentino. Seated: Kyle McLeanas, Patrick Chan, Meghan Conlon, Jamie Jarusiewicz and Lisa Oriolo.

#1 Jamie Jarusiewicz (Valedictorian)
#2 Daniel Fiorentino (Salutatorian)

The Top Ten Seniors of the Class of 2002 are young people with unique and diverse interests. They are chosen for this honor because of their academic excellence. They are the students with the Top Ten grade point averages and they are shining examples of what the educational system strives to achieve. They come from different cultures and backgrounds. Some are outgoing; some are shy. Yet they are united by a common thread, and that is their love of learning. They are the ultimate proof that there are *no boundaries* to what you can achieve when you set you mind to it. They are the best of the class this year.

#7 Kyle Deutsch

Kyle is a hard working and dedicated student. He has been conscientious throughout his high school career achieving various accomplishments. One, of which, is the Bloustein award. Kyle was a member of the Boys' Varsity Winter and Spring track teams, as well as National Honor Society to name a few. He will be attending Syracuse University where he will be majoring in computer engineering. After college, Kyle plans to pursue a Ph.D. and then go out to begin the rest of his life.

#8 Lisa Oriolo

Lisa is a dedicated individual with a variety of interests. She can be found on the hockey field under tons of equipment as the Varsity Team goalie. She is also a versatile member of the softball team. Aside from sports, Lisa is involved in National Honor Society, Spanish Honor Society, and Mu Alpha Theta. Her favorite memories from high school are Lowes' movie trips and "doublelips." She plans to continue playing field hockey in college while majoring in biology.

#9 Kyle McLeanas

Kyle is a quiet, but genuinely caring and thoughtful student. He is a scholar athlete, who is a member of National Honor Society, Spanish Honor Society, and Mu Alpha Theta, while participating in soccer and track. He was a soccer captain and received All-White Division honors. Kyle was also Treasurer of the Math Club. He believes that hard work truly does pay off and feels that nothing is really impossible if you put your mind to it. He will continue to work hard in college, where he will be majoring in biology.

#10 Daniel Ng

Daniel strives to be a successful person. Throughout high school, he participated in various sports such as, golf, soccer, and track. His extracurricular activities include International Society, Spanish Honor Society, Math Club, Math Honor Society, TAG, and TIGS. Dan has consistently achieved good grades. High School Halloween

FRESHMEN GET INTO THE SPIRIT!

The freshman took the occasion of their first high school Halloween to let their hair down. After two months of school work, they had a chance to be a little silly and escape into a realm of make-believe. They were going to be someone or something else, just for a day. And if you've done it , you know how great it can be to have a little fun now and then.

Donnie McCoid had an eye out for adventure.

Amanda Novak was cute as a kitten!

As with all things, the longer you do them the easier they become. That seems to be the case with Mr. James Brown, who came into this position only last year, but has made the transition look easy. He is always visible, whether keeping the crowds moving in the hallway of the A-wing or checking on the condition of the cafeteria. He can be found talking with students as well as hurrying them on their way to be on time for class. He also finds the time to attend many of the sporting events that are such an integral part of school life. He will once again, this year, attend the Proms and chaperone the Senior Class trip to Disney World, all the while making it look easy. And that is, after all, as it should be. If he is not at ease with his position how could anyone else be? How would students be comfortable with his authority if he were not. There is a quiet sense of resignation about him that lets us know that it is okay to speak our mind or to just be ourselves with him. That is what makes the difference between difficult and easy. When life is comfortable, life is easy. Life at S.W.M.H.S., with Mr. James Brown at the helm, is comfortable and we can all rest easy.

~~ Quo Vadis 2002 ~~

Freshman line up for yearbook portraits.

How many times has the question been asked? *Quo Vadis*? What does it mean? In keeping with this year's theme, so that there will be "no boundaries" to your knowledge, we will answer that question, once and for all. The phrase is from the Latin, it literally means "wherever you go". We can only assume that it was chosen as the name for the yearbook to impart the idea that everything that you take with you from high school, memories, knowledge, friendships, will be with you "wherever you go." We have labored long and hard over this publication. Yet, especially this year, it is a labor of love. We want you to have the memories, good or bad, they are your life. Cherish them always.

~~ Step Squad ~~

The Step Squad poses with Miss Maldonado in their new uniforms after performing at a Renaissance breakfast.

The Step Squad is the newest additions to the extracurricular organizations at SWMHS. After dazzling audiences for the past several years at the annual talent show, students decided to take the step squad to the next level and have it given the status of an officially sanctioned club. The Board of Education gave their approval and the "Platinum Soundz" were born. They have been visible at many school functions throughout the school year including Pep Rally, Football and Basketball games, and a Renaissance breakfast. They have shown great energy and dedication, putting in many hours of practice. They are hoping to eventually become an official team so that they may be able to compete in the future. Their Adviser is Miss Stephanie Maldonado. This years Captains are: Antoinette Beaupierre, Sam Boateng, and Ashley Watson. We congratulate them on a successful first year. And we look forward to many more years of "stepping" to come.

~~ Student Council ~~

Student Council is the core of S.W.M.H.S., in school as well as in the community. They sponsor countless school spirit projects; charity oriented endeavors and out reach programs throughout the year. Officers and class representatives are always in evidence throughout the building busily performing their tasks. Homecoming, Pep Rally, Penny War, Earth Week, School Spirit Month, and Teacher Appreciation Week are only a part of their many worthwhile accomplishments.

Ever changing ... but never the same again!

After giving over thirty years each to the students of Sayreville, and more specifically the Student Council, Advisers Lee Vozza and Marianne Kwiatkowski decided to retire. Their guidance allowed the students involved to be a part of an award winning student government team. Year after year, they arrived at the high school at six in the morning to oversee the many fund-raisers, class competitions, bagel sales, elections, blood drives, hospital visits and so much more. They were an institution unto themselves. Who would dare try to fill their shoes? What awesome role models to have to emulate! Yet we respect and understand their decision. Traveling is a pastime that they will certainly participate in more, once they have the time. They also expressed an interest in doing volunteer work, always so unselfish. We will truly miss them. We wish them a wonderful, relaxing and fun filled odyssey into the realm of retirement. We are ever changing, but without them we will never be the same!

The Sad Goodbye

I thought it would be easy.
I know now I was wrong.
I tried to find the right words
They didn't seem to come along.
We've shared a hard and trying year
We've all learned to be strong.
Let's not forget the good times
More will be here before long.
This is now the fourth year
That this poem is being done.
Of all that I have written
This is the hardest one.
This year will leave me empty
When graduations done
For, as goes the Class of 2002
So goes my youngest son.
Wasn't kindergarten yesterday?
Is high school really gone?
The world is out their waiting
And you must all move on.
But always keep within your hearts
This special place and time.
And always keep a little love
For those you leave behind.
We wish you all the happiness
That a successful life can bring.
We also wish that you will all
Remember these few things
Let no one stand between you
And the dreams that you desire.
Let no one kill your passions
Or put out freedoms fire.
We can only hope and pray
That we have taught you well.
If you have learned the lessons
Now only time will tell.
Stand by all your dreams
And all that you hold true.
Your freedom is in your own hands
America is you.

HEATHER SHEDLOCK

We wish for you to always see the goodness in this world; to do your part in helping those less fortunate; to walk hand in hand with those of less talent; to follow those of more knowledge; to be equal with those who are different.

We wish for you to find your special purpose in this world so full of choices, and to help lead those who stray.

We wish for you to become your own individual, to set yourself apart from those who are the same.

Our daughter, we wish for you the self -confidence to say no when it is necessary and the strength to stand alone.

We wish for you the approval of yourself to love and respect everything that you are and will become.

We wish for you to reap the fruits of your talents, to walk with pride down the road of life, to be humble in your successes, and to share in the praises and joy of others. But most of all, we wish you to be happy.

For when you are happy you have the key that will open all the world's doors to you.

Whatever you decide, whoever you become, our love for you is unconditional; our arms and hearts are always open to you.

We wish that you will someday know the joys that only a daughter can bring and that all your wishes will come true.

We love you, our daughter.

Little Bro,

We can still remember the day that Mom went into the hospital to have you. How long it seemed until we knew what you were! We have had our good times and our bad times through the years, as all brothers and sisters do. But know that we are always here for you, "Weasel", as only family can be. We can't believe how fast the time has gone and that our "little Bro" is all grown up! Have a great time in college and continue to make us proud of you. Good luck and congratulations!

Because of You My Life Has Been Changed In So Many Ways

I would have been the only Redskin & Florida State fan in our house.
I never would have visited the Football, Hockey, and Baseball Halls of Fame.
I would have missed out on all those trips to Disney World;
The delight of those Sunday driving adventures;
The annual auto show;
Your help cutting the grass with your little mower;
All those trips to Fort Grumpy.
I would never have become a hockey fan;
Bought the Mountaineer;
Built all those Star Trek models;
Attempted to build those tables.
Santa would never have left any notes.
But most of all you have brought more happiness and joy into my life than I could have even hoped for.

LOVE YOU,
DAD

KEVIN AARON BLOOM

Dear Kevin,
It isn't always easy
To let your children go.
I've said you were my "sanity",
In case you didn't know.
When the others drove me crazy
And turned me upside down.
I knew you'd always have your feet
Planted firmly on the ground.
No worries and no heartaches;
A gift from God above.
The youngest of my children,
Who gives me so much love.
The future's out there waiting
With dreams for you to seize.
Go find what it is holding
But go with caution, please!
I'll always miss the baby boy
With the smiling rosy face.
But I so adore the fine young man
Who stands here in his place.

All My Love Always,
Mom

BRIAN PATRICK KENNY

Don't you wish that we could go back
To the happiness of yesterday;
To the beginning when nothing was for sure;
To the days of long ago.
We can't; they are gone but
We still have the memories.
The sweet taste of yesterday still lingering;
Tomorrow is waiting.
The sun may shine.
The rain may fall.
New memories will be made
But don't forget
The memories of yesterday.
Keep on creating.

Love,
Mom, Dad, Tim and Matt

MARK BENDER

Dear Mark

We have watched you grow and mature over the past seventeen years. We've witnessed your mischievous side, which at times has gotten you into innocent trouble. Your gentle side, one of thoughtfulness, kindess and giving. And finally your creative side, which is one of your strongest attributes. Your creativity when designing new ideas, especially pertaining to cars. You have designed some very unique effects. We know if you put your mind to something you will accomplish it. As you have done with many different things over the years. No one knows now where your road will lead, or what path you will choose. We want to however wish you a life full of new and exciting adventures. A journey that is safe and one that is always a pleasant learning experience and above all else, much happiness and contentment. You did and still do now make us very, very proud to call you our son!

Love you always Mom and Dad

Through the years your friendship has been among those things in my life whose value could never be explained by words or measured on any scale. There's a special sense of comfort and security when friends have been together as long as we have. I know that I can always be myself around you because you know me so well. You know my thoughts and understand my feelings, sometimes even better than I do. Your understanding and inspiration have been an unfailing support to me, so many times, when no one else could comprehend what was in my heart, you would know because you know where I've been.

I HOPE YOU KNOW HOW MUCH IT MEANS TO ME TO KNOW THAT I HAVE A FOREVER FRIEND LIKE YOU!

BEST FRIENDS FOREVER!

JENNIFER LEIGH NEWSOME

When you were just a child, you were always here by our side, filled with wonder and curiosity, trying things for the first time and wanting to be so grown up. Nowadays, you're mostly on your own - planning, doing, dreaming, and reaching for the stars ~ and that's how it should be! But we want you to know that no matter how far from home your dreams may lead you - in every way that matters, you are still here by our side ~ right here in our hearts, where we'll always treasure you as our little girl, and the beautiful daughter we love.

Love,
Mommy & Daddy

HOLLY COOPER

You have always made us proud to be your parents. And a life filled with happiness and success is our wish for you.

Love always,
Mom and Dad

Good luck in college, I know you will do great.

Love, your big sister,
Kelli

KYLE McLEANAS

Kyle,
When you were born, we were so amazed by the wonder of you. You continue to amaze us and despite some difficult challenges, you showed an intense drive. You were always curious and still are. You continue to look for ways to improve yourself, both as a student and an athlete. You have set realistic goals and have attained most of them. You are compassionate and truly care about people and their feelings. You have strong values, maturity and wisdom. Always keep these qualities; they are very important in life. Now that you are a young adult, continue to grow as a person. Set your future goals realistically. Keep the compassion you have for people and the drive and determination you have to make yourself better. Be confident in yourself and ALWAYS keep that smile! Always remember how proud we are of you and how much you are loved. Good luck in everything that you do.

Love always,
Mom & Dad

DE'ANNA GOODSON

De'anna,
Some people see eighteen years as a lifetime. To us eighteen years seems as but yesterday. It's like you've grown up overnight. "Yesterday" you were a vision of hope. "Today" you have measured up to our best expectations. We can hardly wait to see how proud we will be of you "tomorrow".

Love,
Mom & Dad

KATIE TIMPSON

Kate,
It seems like only yesterday when you were born and now it's your graduation. Soon you will begin a new chapter in your life when you enter college. We know with your determination and drive you will achieve your dream and become an A.P. Biology Teacher.
You are the greatest gift that God has ever given us. We are so proud of you and all your many accomplishments. We wish you all the love, happiness, and success that life has to offer, for you truly deserve it. Thank you for being the best daughter any parents could ever dream of. As you begin your life outside of S.W.M.H.S.:
We hope you dance...
We hope you never loose your sense of wonder,
You get your fill but always keep that hunger.
May you never take one single breath for granted.
God forbid love ever leaves you empty handed.
We hope you still feel small when you stand beside the ocean.
Whenever one door closes we hope one more opens.
Promise us that you'll give faith a fighting chance.
And when you get the choice to sit it out or dance,
We hope you dance...

ALL OUR LOVE,
Mom and Dad

Who never lets us down ... Who understands it all
Reaches out each time you fall
You're the best friend that I've found

Through all the good times, and even the bad, I knew I could count on you for support. Even though there were times when we didn't see eye to eye, I knew that you were always there for me. You're one of the few that can make me laugh even when I'm feeling the worst. I'm going to miss not having you to follow in the hallways anymore, or fight over the radio with in the morning. Thank you for always being there for me and occasionally finding "room in the car"; you know I'm here for you. Good Luck next year - I know you can do it! XoXo *10-5*

Congratulations! We want you to know how very proud we are of you and your accomplishments. You have grown to be a caring, compassionate, young woman, talented and witty. We love you more than words can say.

Now as you pursue your dreams in college, continue to believe in God and yourself! Reach for the stars! "You can do it!" You have already fulfilled our dreams --- as you portrayed the roles of Bielke, Janie, Julia, a Narrator, and especially, POLLY!

We watched with pride as your passion for the theatre and music grew. The countless after school and Saturday rehearsals, as well as the many Sayreville Singers engagements (which for you were a labor of love) became a way of life.

Most importantly, we are proud of who you are and the kind of person you have become. We are truly blessed with you - your empathy for others, fantastic sense of humor, and strong moral values provide a constant source of pride in our hearts.

OFFICERS OF THE CLASS OF 2002

This is always the hardest thing for Advisers to do, to say "good bye". It is also a time for mixed emotions. We are glad to see you grow and mature and head off to find your places in the world. Yet we are, of course, sad to see you go and leave us behind. We have worked together well, for the good of the class, and your efforts are greatly appreciated. Think of us fondly as we will surely think of you. Congratulations, you are all the BEST!

I love you so much and wouldn't give you up for anything in this world, not ever. You are my world. Remember when we first started going out? Everyone used to say to me, "I give it two months, I'll give it four months!" Well, we showed them! These have been the two best years of our lives. Listen, Sweetheart, I have a little poem for you...

God sent you down from heaven above.
He sent you down for me to love.
He picked you out from all the rest
Because He knew I'd love you best.
Congratulations, Ashley, I love you so much.

Megan Bowden & Kelly Unkel

Meg,
Well, Hun, we did it! We're finally Seniors. Since kindergarten, we've been friends. Even though there was that short time in middle school where we drifted apart, we managed to pick up right where we left off in high school. We've been through a lot together, from chasing boys on the playground to chasing them on the beach. I guess some things never change. Thanks for being like a sister and my partner in crime for all these years. I'm glad to know that i have someone to keep my secret and to get in trouble with. Those are the two things we do best. I hope that even through college we keep in touch and remain friends forever and always.

Love ya, Kelly Unks

Kelly Unks,
Well, babe, what can I say .. we've been through it all .. we've gone from learning to tie our shoes in kindergarten to chasing boys around the playground in elementary .. then there was that blank spot in middle school .. but we picked things up again in high school following guys around school, on the beach, in the mall and God only knows where else .. Some things will never change .. our friendship is genuine .. you are like the sister I never had .. nothing will ever come between us .. not even college .. it's scary that soon we'll be signing above our senior pictures .. You know I'm always here & I love you Hunnie.

Love always, Meg

Lauren Mayer & Jessica Small

Lauren,

If someone would have told me in 9th grade that me & you would be best friends in Senior year, I probably would have laughed. But here we are four years later with tons of memories, ones I'll never forget. I never would have made it without you. You're my trifflin chick, my partner in crime, my "sister" and my best friend. I love you.

Love always & forever,
Jessica

Jessica,

I can't believe that we've been friends for four years. It seems like just yesterday that you were coming over my house everyday in freshman year, and now we're graduating. We've had so many memories and there's so much more to come after we go to college. I love you.

Love always & forever,
Lauren

Kimberly Gesell

Dear Kimberly,

You have always been a source of pride, from a bald headed baby to a beautiful young woman. Where have those years gone? We hope your future holds everything you are looking for. We know with your strong headedness and determination you will get what you want. Know that your family will always be here for you. Dad and I for love and support, your brothers for protection, and your sister for someone to tease and bug you. From me, Kel, a special thank you. Our relationship has been one that most mothers and daughters don't share. We talk, we laugh, and I use you for my confidante and sounding board. Thank you for your love and support. Don't ever forget that you have "two" guardian angels watching over you constantly.

Thomas Comey

Thomas, the world you enter now differs greatly from the one you were born into. The tragic events of September 11, 2001 have forever changed this world. The events of that day have placed a heavy burden on the shoulder of your generation, and your task looms large. Yet as we watched you grow in your short lifetime, we have come to realize that you have all the qualities needed to enter this new world. You possess strength of commitment, faith in your fellow man, and hope for the future; qualities to be relied on in a time of crisis. These qualities will not make your task any easier, but they will make it bearable. They are the cornerstone of your future, a future that has no boundaries, only promise. A future that is whatever you want it to be.
So, congratulations, Son, you did it and you have made us very proud. Good luck and may God be with you always.

Michael,

For three years now you have touched my heart in ways unimaginable. Not only are you my best friend, but also my crying shoulder. Whenever your sweet lady needed something, you were always there to listen and somehow make me smile. From you, I learned how to love someone, but more importantly, I learned how to love myself. You have treated me like princess, making me feel so comfortable and safe in your arms. I truly believe you are my guardian angel. Even though you tell me not to, I want to thank you for everything you have done for me. Because of you, I will always cherish these four years of high school. I am so proud of you! Congratulations on your graduation - we made it together! I love you!

Dear Eddie,

When you are playing on the baseball field you put your heart and soul into the game. You are so determined to succeed. Your dreams will come true if you have the confidence in yourself that you have on the field. Eddie, I am so proud of you and what you have accomplished. Lauren Hornecker

Lauren,

No words can express how proud you have made us. You set your goals at a young age and have truly followed through with them. You also learned at a very young age that life isn't always fair and to cherish every day and make the most of it. You are and always will be the twinkle in our eyes. Hold true to your beliefs and you will succeed in anything you choose to do. Thank you so much for being you!

All our love always,
Mom and Dad

Bryony Cruz

My Mamacita,

Life is too short. I wake up and there it is; you're all grown up and ready to take another great step in your life. I can't express the overwhelming feeling that I have. I am so proud of all of your accomplishments in the past four years. It's been extremely hard, I know. But I also know that you were able to overcome every hurdle. That is who you are and will always be. There are many more obstacles coming and I am certain that you will again make it. You have the will to do anything you have proved that. May God bless you and keep you. And may you continue in the same faith, morales and values that you have now and you will succeed in anything that you do.

I love you.

No Boundaries ....

Did we ever think that this phrase would be a reality for us? After all, there is always someone telling us, every minute of every day, just what it is that is not allowed. Aren't there boundaries to everything? Of course, but knowing which boundaries are moveable is what we learn throughout our lives. We live in a world that, through time and technology, has opened up boundaries that we could have never imagined would be opened. We can fly across an ocean in record time in a supersonic jet... distance is no longer a boundary. We can travel to the planets of the solar system ... space is no longer a boundary. We can communicate via computer with anyone anywhere at any time ... cultural and foreign boundaries have disappeared. And yet, the same advances that have cleared away the boundaries have also placed other obstacles in the path of our freedom. For as we are free of boundaries, so are the forces of evil that would try to take that freedom away from us. We live in a world that is ever changing, not always for the better. For just as freedom is our birth right, we want that same freedom for all the people of the world. We are willing to fight and die for it. But giving that freedom to all, poses a problem that we are hard-pressed to solve. There are those who are jealous of our freedom, our prosperity, our power, and they will stop at nothing to try and take them from us. We can not allow it. We can not let them keep us prisoners in our own country. We have worked too hard to earn our freedom to let anyone threaten it. We have fought too hard to break down the boundaries to let anyone put them up again. Our nation is the strongest on earth, we should reflect that strength. We have earned the right to live with no boundaries. We will accept them from no one, not now, not ever!
